

Inteserra Consulting Group, Inc.

Consultant

- Are you a proactive, analytical problem solver?
- Are you willing to not only come up with solutions, but implement them?
- Do you have regulatory or operational experience in the telecommunications and/or cable industry?
- Do you have excellent written and verbal communication skills?

Inteserra Consulting Group, Inc. is looking for a Consultant to help clients in the telecommunications and cable industries understand and meet their regulatory obligations and to help them plan and manage operational projects. As a client Consultant for Inteserra, you will provide positive outcomes for the client and identify opportunities for our firm. This is a role where you won't be micromanaged, but you will have resources, processes and knowledge at your fingertips to deliver effective solutions. We are looking for a self-motivated individual to help us serve our current clients and scale our offering by reaching new clients in all segments of the communications industry, including traditional telephony, VoIP, cable, wireless and broadband.

Specific responsibilities will include:

- Client Management – Develop and maintain relationships with client team members.
- Problem Solving - Identify client needs and objectives.
- Regulatory Consulting - Provide guidance and timely expert advice in response to identified client needs.
- Team Leadership – Provide subject matter expertise and coordinate efforts of Inteserra team members on assigned accounts.
- Project Management – Plan and coordinate client projects for successful and cost-efficient outcomes for Inteserra clients.
- Participation in Trade Shows, Workshops, Seminars, Webinars, and industry events.

Inteserra Consulting Group, Inc., located in Maitland, Florida, serves the telecommunications industry with state and federal compliance consulting, support and service. We are an industry leader with a deep history of success, and continue to grow through product innovation, consistent quality delivery, and industry diversification.

We are well grounded, but still have an entrepreneurial mindset.

Telecommunications, cable or regulatory experience is required.

Job Type: Full-time
